

Does this look familiar...?

...then PAL-Cut® is the solution!

The fully-automatic PAL-Cut® sheet dispenser quickly and accurately cuts paper layer sheets to a pre-programmed length, directly from the roll. The PAL-Cut® system allows a total saving of up to 75%. Using the Antim65® non-slip intermediate sheets also puts an end to damage during transportation.

- 
- **FULLY PROGRAMMABLE**
 - **CUT ACCORDING TO OWN NEED AND SIZE**
 - **AVOID LARGE STOCKS OF SHEETS**
 - **ONLY REQUIRES 230V**

PAL-Cut® Sheet dispenser

PAL-Cut® 800/1200 is a fully-automated sheet cutter that quickly and accurately cuts sheets of card to the desired length.

The sheet cutter can be used in industrial companies with high sheet consumption rates where automatic palleting units have to run continuously. Recycled card and cardboard are cut directly from the roll.

Antim 65[®] Non-slip paper

Antim 65[®] has a slip angle exceeding 50° to help stabilise pallets during transport.

- **Stabilises the pallet during transport**
- **Keeps the goods together without a tight, sturdy wrapping**
- **Reduces the amount of shrink film**
- **Protective surface, avoids scratches and shaking damage**
- **Environmentally friendly – 100% recyclable**
- **Approved for food packaging, certificated by ISEGA Germany.**
